Wednesday, September 7, 2016, 5:30pm

HLS Pub, Wasserstein Hall, Room 1072, Harvard Law School,  
1585 Massachusetts Ave., Cambridge, Massachusetts

Come learn more about what the Petrie-Flom Center does and how you can get involved at this gathering for faculty, colleagues, and students with shared interests in health law policy, biotechnology, and bioethics. We will review our research portfolio, introduce our staff and fellows, and describe various opportunities for students and others. And of course, we'll eat, drink, and be merry. Join us!

The Open House reception will immediately follow the panel discussion "**Battling Blood in the Streets: How Can Neuroscience Promote Public Health and Support Public Policy to Prevent Community Violence?**," part of the Project on Law and Applied Neuroscience sponsored by the Center for Law, Brain & Behavior at MGH and the Petrie-Flom Center, in Wasserstein Hall, Room 1010, from 4:00 to 5:30pm.
