

HARVARD
Department of Stem Cell
and Regenerative Biology

Stem Cells and Regenerative Medicine Seminar Series
Presents

Intradepartmental Seminar

November 20, 2020

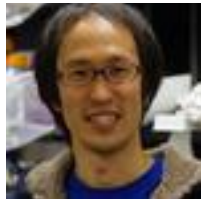

12:00-1:00PM

<https://harvard.zoom.us/j/93864926611?pwd=WmFPR1g1K1dLTlk1aEc5ZXJzUjk0UT09>

Password: 270723

Yasuhiro Itoh

(Research Associate, Macklis Lab, HSCRB)

“Molecular controls over corticospinal neuron axon targeting to specific spinal segments”

Sung Min Yang

(Post-doctoral Fellow in Arlotta Lab, HSCRB)

“Neuron-class specific responses govern adaptive remodeling of myelination in the neocortex”

Moderator: Lee Rubin, Professor of Stem Cell and Regenerative Biology

Department of Stem Cell and Regenerative Biology
7 Divinity Avenue
Cambridge, MA 02138
