

5th ANNIVERSARY

24 HOURS OF STEM CELLS

The day the world revolves around stem cells

Stay on the leading edge of stem cell research

Join us around the world for the 5th annual Gibco™
24 Hours of Stem Cells™ virtual event, to:

- Access leading scientific presentations from thought leaders around the world
- Sharpen your stem cell skills and expertise with virtual training and certifications
- Get free career advice, like how to optimize your LinkedIn profile and the power of an elevator pitch
- Expand your research network and enrich your perspective in a global context

Experience all of this virtually, from the comfort of anywhere. It's all happening live on **November 9, 2017**.

Attend live and receive a free Gibco™ StemFlex™ Medium fidget spinner* as a token of our appreciation.

Speakers at a glance

The 24 Hours of Stem Cells virtual event features a global lineup of prominent stem cell researchers and thought leaders. Speakers to be featured at this year's event include:

Keynote presenters:

Jun-An Chen

IMB, Academia Sinica
Taiwan

Alexander Meissner

Max Planck Institute for
Molecular Genetics
Germany

Nina Tandon

EpiBone
North America

Helmuth Gehart

Hubrecht Institute
The Netherlands

Christine Mummery

Leiden University Medical Center
Netherlands

Speakers:

Juliane Assis

Universidade Estadual do
Rio de Janeiro
Brazil

Andrew Laslett

Monash University
Australia

Meritxell Rovira

Center for Regenerative Medicine in
Barcelona
Spain

Alessandra Giorgetti

Center for Regenerative Medicine in
Barcelona
Spain

Alessandro Magli

University of Minnesota
North America

Rebecca Shumbata

Mary Ann Liebert, Inc. Publishers
North America

Donna Goodenow

University of North Carolina at Charlotte
North America

Cécile Martinat

French Stem Cell Society
France

Jens Christian Schwamborn

Braingeneering Technologies SARL
Luxembourg

Jahid Hasan

Cell and Gene Therapy Catapult
United Kingdom

Kevin McCormack

California Institute for
Regenerative Medicine
North America

Adrian Kee Keong Teo

IMBCB, A-STAR
Singapore

Karl Koehler

Indiana University School of Medicine
North America

Alessandro Prigione

Max Delbrueck Center for Molecular
Medicine (MDC)
Berlin

Alan Lam

Chinese University of Hong Kong
Singapore

Stevens Rehen

University of Rio de Janeiro
Brazil

* No purchase necessary. This promotion is available only to attendees of 24 Hours of Stem Cells who attended the event live on November 9, 2017. Qualifying attendees will receive a Gibco™ StemFlex™ Medium fidget spinner. Qualifying attendees in China will receive an LED table lamp. Free fidget spinner or lamp is available to eligible participants no later than November 9, 2017 or until gift supplies are depleted, whichever comes first. The estimated value of the fidget spinner is \$2.00 USD, and the estimated value of the lamp is \$15.00 USD. One free gift per person. Healthcare professionals may not participate in this promotion. Government Officials may not participate in this promotion. The term Government Official includes anyone who acts in an official capacity for or on behalf of a government entity, department or agency. By registering, you warrant that you are not prohibited by employment, contract, or law from accepting a gift from Life Technologies. Offer void where prohibited, licensed or restricted by federal, state, provincial, or local laws or regulation or agency/institutional policy. Other restrictions may apply.
