

Single Cell Analysis Tools for Uncovering Biological Heterogeneity

“An introduction to Single Cell Genomics and CyTOF Mass Cytometry for Stem Cell Research”

Date: April 14th 2015
11:45AM–1:30 PM

Location :
Harvard SCRB
Sherman Fairchild Room SF 268

*Lunch will be provided but please RSVP if you plan to attend.

Dr. Kenneth Livak, Ph.D.
Sr. Scientific Fellow
Fluidigm Co.

“Driving Genomics to the Single-Cell Level”

Dr. Michelle Poulin, Ph.D.
Manager, Field Applications
Fluidigm Co.

“Understanding Biological Heterogeneity Through Mass Cytometry”

Please RSVP to Nicholas.Confuorto@Fluidigm.com
